

request **FOR GOOD** Granola at your local store...

Dear store manager,

I'd like to request that you carry For Good Granola in your store.

For Good Granola is filled with clusters of nuts, buckwheat groats, seeds, and tart cherries. This no-oat recipe has a perfectly addicting crunch and is filled with an abundance of nourishing organic and non-gmo ingredients.

For Good Granola is a Chicago-area and woman-owned company with the mission to do good by giving to organizations that support and empower kids and adults with intellectual and developmental disabilities.

I would love to see this product on your shelves and would be excited to purchase it!!
